PROFESSIONAL SUMMARY

UI/UX Designer with 1+ years of experience designing SaaS, AI, and EdTech products across web and mobile platforms. Experienced in designing admin portals and AI-driven tools, with expertise in owning end-to-end design processes from user research and ideation to high-fidelity UI design.

WORK EXPERIENCE

UX/UI Designer – Promilo (Sawara Solutions Pvt. Ltd.)

June 2025 – July 2026 | Bengaluru, KA

- **Platform Redesign:** Redesigned Promilo's Advertiser and Publisher platforms, restructuring information architecture and navigation to reduce user friction — contributing to a 25% improvement in workflow efficiency.
- **College Linker (Ed-Tech SaaS):** Designed end-to-end Admin Portal for College Linker (unreleased ed-tech SaaS), a 20+ screen platform enabling staff to manage counselor accounts, college partnerships, and commission payouts — with core focus on admissions workflow tracking across multiple student-college-counselor touchpoints.
- **Student Application Platform:** Designed responsive web and mobile UI for College Linker's Student Application Platform, enabling counselors to share application links directly with students and manage all submissions from a centralized dashboard with real-time application tracking.
- **VoiceOra (AI Voice Bot Platform):** Led end-to-end UX/UI design for VoiceOra, an AI voice bot platform enabling businesses across industries to build custom inbound/outbound voice agents — designing configurable multi-language workflows from agent setup to live campaign management.
- **VoiceOra Admin Portal:** Designed the Admin Portal for VoiceOra, an AI voice bot platform — with dedicated modules for bot management, campaigns, billing, and analytics — giving internal teams a structured system to manage voice agent deployments across client industries.
- **Mili AI Chatbot:** Designed Mili, an AI chatbot within the Promilo mobile app, giving students instant, self-serve answers on colleges, courses, and city-wise education options — reducing reliance on manual counselor queries for routine questions.

UI/UX Design Intern – Logarithm Technologies

Dec 2024 – May 2025 | Bengaluru, KA

- **Conversion Optimization:** Designed and iterated on real estate landing pages and campaign web pages, collaborating with the marketing team to align page structure and visuals with lead-generation goals.

CORE SKILLS

Design Tools	: Figma, Adobe XD, Framer
UX Methods	: User Research, User Flows, Information Architecture, Wireframing, Rapid Prototyping
Collaboration Tools	: Jira, Azure DevOps, Notion, MS Office Suite
AI & Emerging Tech	: AI Chatbot UX, Conversational UI, Intelligent Recommendation Surfaces, Voice User Interface (VUI)

EDUCATION

Bachelor of Engineering in Computer Science

2024

Maharaja Institute of Technology, Mysore, Karnataka
